

You are organizing a conference call with newConference OneDay. Follow the simple steps below and start your meeting without any problems.

Step 1: Register for a pin code

Request free access codes at www.newconference.com/si (menu: OneDay → Do it now → Order free code here). You will receive a pin code for the chairperson and a conference code for the participants by e-mail.

Step 2: Inform the participants

Provide the following information to all participants:

- ✓ the starting time (and date) of your meeting.
- ✓ the access number of newConference: +386 18280202*
- ✓ the conference code

The number of participants is not limited. Registration of participants is not required.

Step 3: Start your meeting

- ✓ at the agreed time dial +386 18280202*
- ✓ enter 2 to start the meeting or 3 to start a recorded meeting.
- ✓ enter your pin code followed by the hash/pound key (#).

Free extra features

NewConference is offering a number of free functions that make conferencing simple and convenient.

International access numbers

NewConference has local dial in numbers in many countries available (see www.newconference.com/si/local).

Recording the conference call

Conference calls can be recorded free of charge. The chairperson can start recording in two ways:

1. by choosing 3 instead of 2 during the set up process

2. by selecting “Start recording this conference” in the Control Panel during the conference.

As soon as the conference is finished the recording can be downloaded at www.newconference.com/si.

Phone enabled functions

By entering the [*] key of your phone during a meeting you will get an IVR-menu that offers some convenient features:

- [*] 1 Microphone on/off
- [*] 2 Block/unblock conference for further participation
- [*] 3 Remove last participant from conference
- [*] 4 Decrease speaker volume
- [*] 6 Increase speaker volume
- [*] 7 Decrease microphone volume
- [*] 9 Increase microphone volume
- [*] 8 Exit menu

Invitation Assistant

You may inform the participants by e-mail or by using the Invitation Assistant as can be found at www.newconference.com/si.

Control Panel

At www.newconference.com/si you can follow the status of your meeting i.e. who is present and whether the meeting is recorded.

The screenshot shows the 'Control Panel' for a NewConference Corporate Premium (demo) meeting. It displays the conference code (459103), chairperson (Dennis Lim), and date (28-05-2010 12:26). A table lists participants with their phone numbers and start times. A 'Recording' section shows the meeting is 'ACTIVE'. A 'Dial-out' section provides a phone number input field and a 'Dial-out' button. A 'Legend' section explains icons for disconnecting, unmuting, and muting participants, as well as dial agan. A summary table shows participants who have left the meeting.
